LINING

SmellStop

Antibacterial and anti-odor lining. Prevents the proliferation of microorganisms responsible for bad odors and mycosis.

FOOTBED

Dry'n Air COMFORT CUB3

Equipped with a system of channels and holes, it promotes air circulation between the foot and sole. RESULT: Maximum breathability and dry feet. **CUB3** technology produces exceptional effects on breathability, lightness and cushioning.

ANTI-PERFORATION INSERT

Fresh'n Flex Plus Super Light. New high-performance perforation resistant insert (PS-PL, nail 3mm\4,5mm) and ultralight.

TOECAP

SlimCap

SOLE

AirTech® + tpu-skin®

Tread thickness reduced to values never achieved before. Result. Greater elasticity and cushioning effect.

SECTORS OF USE

PLUS

TECHNOLOGY

1 HI-FLAP

The combination of **Hi-flap** technology and **pyramidal hole design** reduces fatigue and offers walking assistance through cushioning, dissipation, energy restitution and ensures greater stability during movements.

2 TPU HEEL SUPPORT
helps stability in the heel.

3 HIGH HEEL PROFILE
designed for drivers

4 CUSHIONING EFFECT
Cushioning effect thanks to the pillow-shaped elements present in the plant .

5 LADDER GRIP
with shank reinforcement

6 ANTIABRASION OVERCAP
Integrated abrasion resistant overcap, for a longer life.

(20345-2022)
S1PS ESD SC LG FO SR

Sizes: 35 – 48

*SmellStop: Treatment carried out with the biocide Zinc pyrithione (CAS-No. 13463-41-7) of Product Type PT 09 which counteracts the deposit of microorganisms on the surface of the materials.
